YEAR: .....

12-WEEK TOPICAL BREAKDOWN – P.5 SOCIAL STUDIES TERM II

WEEK	PERIOD	TOPIC	SUB-TOPIC	REFERENCE (EXCEL BK5,,,,,)
1	1	THE PEOPLE OF PRE-COLONIAL UGANDA	Old Stone Age – characteristics, tools, food, shelter	pp. 6–7
	2		Middle Stone Age – discovery of fire, importance, cave life	pp. 7–8
	3		New Stone Age and Iron Age – farming, settled life, iron tools	pp. 8–9
	4		Ethnic groups – definition, characteristics, origins, sketch map	pp. 9–10
	5		The Bantu – cradle land, occupation, settlement, tribes	pp. 10–11
2	1		Bantu migration causes and effects. The Nilotes – River-Lake Nilotes origin, Pubungu, separation, tribes	pp. 11–13
	2		Plain Nilotes and Highland Nilotes – origins, tribes, districts	pp. 13–14
	3		Hamites/Cushites and Sudanic – origins, tribes, reasons for migration, effects	pp. 14–15
	4		Migration today – external migration (emigration, immigration)	pp. 16–17
	5		Internal migration – rural-urban, urban-rural, urban-urban, rural-rural	pp. 17–21
3	1		Settlement patterns – linear, nucleated, dispersed	pp. 21–22
	2		Political organisation – Bunyoro-Kitara empire, Batembuzi, Bachwezi contributions and collapse	pp. 22–23
	3		Early kingdoms – Buganda: founders, growth factors, famous kings	pp. 23–26
	4		Bunyoro, Tooro, Ankole kingdoms. Decentralised societies	pp. 26–28
	5		Economic organisation – barter trade and monetary trade	pp. 28–29
4	1		Social organisation – clans, education (informal), worship (ATR)	pp. 29–31
	2		Taboos, social activities, culture – types, promotion, dangers	pp. 31–33
	3		Values and relationships	pp. 33–34
	4		Topic 6 consolidation – revision exercises	pp. 34–35
	5		Topic 6 extended consolidation – map work and group review	pp. 6–35
5	1	FOREIGN INFLUENCE IN UGANDA	Early foreign traders – Arab traders, slave trade	pp. 35–38
	2		Abolition of slave trade and Indian traders	pp. 38–39
	3		European traders – IBEACO (formation, responsibilities, bankruptcy)	pp. 39–40
	4		European explorers – John Speke and the source of the Nile	pp. 40–41
	5		Sir Samuel Baker, H. M. Stanley, and Joseph Thomson	pp. 41–42
6	1		Routes used by explorers, effects and problems faced. Introduction to Christian missionaries	pp. 42–44

	2		Christian missionaries – invitation and Protestant missionaries	pp. 44–46
	3		Roman Catholic missionaries, reasons Africans accepted Christianity, effects	pp. 46–48
	4		Persecution of early Christian converts and religious wars in Buganda	pp. 48–51
	5		Colonial administrators – Egypt's attempt, scramble and partition of Africa, Berlin Conference	pp. 52–53
7	1		British colonial administrators – contributions (Lugard, Portal, etc.)	pp. 53–56
	2		British colonial administrators – contributions of later governors up to Coutts	pp. 56–57
	3		Effects of colonial rule – political, social, economic	pp. 57–58
	4		Topic 7 consolidation – exercise review (questions 1–50)	pp. 58–59
	5		Cross-unit revision: linking foreign influence to pre-colonial Uganda	pp. 6–58
8	1	HOW UGANDA BECAME A NATION	Meaning of a nation, types. 1894 Protectorate Treaty and 1900 Buganda Agreement	pp. 59–61
	2		1900 Tooro Agreement, 1901 Ankole Agreement, 1933 Bunyoro Agreement	pp. 61–62
	3		Evolution of Uganda's boundaries	pp. 62–63
	4		Colonial administrative systems – Direct rule and Indirect rule	pp. 63–64
	5		Effects of colonial rule – summary and end-of-topic consolidation	pp. 64–65
9	1	THE ROAD TO INDEPENDENCE IN UGANDA	Independence meaning, characteristics of colonial rule	pp. 65–66
	2		Colonial collaborators – Semei Kakungulu, Nuwa Mbaguta, Apollo Kaggwa	pp. 66–67
	3		Colonial resisters – Kabalega, Mwanga, Chief Awich. Rebellions	pp. 67–69
	4		Formation of the LEGCO and the struggle for independence	pp. 69–70
	5		Formation of political parties in Uganda	pp. 70–72
10	1		World Wars – causes, effects on Uganda, influence on independence	pp. 72–73
	2		Why Ugandans demanded independence and problems faced	pp. 73–74
	3		Uganda gains independence – 1961 elections, Lancaster House Conference, 1962 elections	pp. 74–75
	4		Independence Day events – 9th October 1962	pp. 75–76
	5		Topic 9 consolidation – exercises and review	pp. 76–77
11	1		Cross-topic review: linking foreign influence, colonial agreements, and independence	pp. 35–77
	2		Major personalities: explorers, missionaries, colonial administrators, nationalists	pp. 6–76
	3		Key dates and events timeline – Stone Age to Independence	pp. 6–76
	4		Sample test paper – guided practice	All topics
	5		Feedback and remedial teaching on weak areas	All topics

12	1–5	TERM II COMPREHENSIVE REVISION	Systematic review of all Term II topics and final assessment preparation	All pages (6–76)

LESSON PLAN 1: WEEK 1 PERIOD 1

DATE: _____ | **CLASS:** Primary Five | **NO. OF LEARNERS:** _____ | **SUBJECT:** Social Studies | **TIME:** 60 Minutes

TOPIC: THE PEOPLE OF PRE-COLONIAL UGANDA

SUB TOPIC: OLD STONE AGE (pp. 6–7)

CONTENT:

• STONE AGE – period when early man used stone tools. Three stages: Old (Palaeolithic), Middle (Mesolithic), New (Neolithic).
• OLD STONE AGE – first stage.
• CHARACTERISTICS OF OLD STONE AGE MAN: hairy body, ate raw meat, wild and unsettled life, no permanent homes, used simple stone tools, slept under trees/rocks.
• TOOLS: bolas (trapping fast-running animals), hand axe (skinning animals).
• FOOD: raw meat, insects, fish, wild honey, plant roots, fruit, tree barks.
• WAYS OF OBTAINING FOOD: hunting, fishing, gathering wild berries/fruit, collecting wild honey.
• PLACES WHERE EARLY MAN LIVED: caves, along river banks, under big trees, on lake shores.

COMPETENCES (The learner;):

• Names the three stages of the Stone Age.
• Describes at least four characteristics of Old Stone Age man.
• Identifies the tools used by Old Stone Age man and states their uses.
• Lists four types of food eaten by early man.
• Explains how early man obtained his food.
• Locates on a sketch the places where early man used to live.

METHODS:

• Direct instruction
• Picture study
• Question and answer
• Note-taking

LIFE SKILLS / VALUES:

• Appreciation of human progress
• Creativity and innovation

TEACHING/LEARNING MATERIALS:

• Pictures/drawings of Old Stone Age man and tools (bolas, hand axe)
• Chalkboard
• Pupils' exercise books
• Reference: pp. 6–7

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	ENGAGE	• Asks: "What tools do you use at home? What do you think your great-great-grandparents used long ago?" • Shows the picture of Old Stone Age man (page 6) and asks learners to describe what they see.	Question and answer Picture observation	• Answer questions. • Describe the picture.
15 mins	EXPLORE	• Displays the table of tools on page 7: bolas and hand axe, along with their uses and drawings. • Asks: "Why did early man need a bolas? What could a hand axe do?" • Discusses the food early man ate and how he got it.	Picture study Question and answer	• Study the tools. • Suggest uses and reasons.
20 mins	EXPLAIN	• Explains the meaning of "Stone Age" and the three stages. • Lists the characteristics of Old Stone Age man on the board in bullet points. • Draws the table of tools with name, drawing, and use. • Instructs learners to copy the notes and the table.	Direct instruction Note-taking	• Copy notes and table into exercise books. • Ask questions.
10 mins	ELABORATE	• Re-explains the key terms: "bolas" (a throwing weapon with stones tied to cords), "hand axe" (all-purpose cutting tool). Emphasises that early man had no permanent home and moved often. • Writes an activity on the board: "Draw a bolas and a hand axe. Next to each, write one sentence about its use." • Instructs learners to copy and do the activity.	Direct elaboration Board activity	• Listen to the emphasis. • Copy the activity. • Draw the tools and write the sentences.
5 mins	EVALUATE	• Calls learners to show their drawings and read their sentences. • Quick quiz: "Name two foods of Old Stone Age man. Where did early man sleep?"	Oral questioning	• Display work. • Answer quiz questions.
5 mins	EXTEND	• Home assignment: "At home, draw a simple picture of an early man hunting. Label any one tool and one food. Bring it tomorrow." • Next lesson: **MIDDLE STONE AGE – THE DISCOVERY OF FIRE AND ITS IMPORTANCE.**	Home assignment Topic preview	• Note the assignment. • Listen for next lesson title.

ACTIVITY

Draw the following tools of Old Stone Age man: (i) Bolas (ii) Hand axe. Under each drawing, write one sentence explaining what the tool was used for.

LESSON EVALUATION

LESSON PLAN 2: WEEK 1 PERIOD 2

DATE: _____ | **CLASS:** Primary Five | **NO. OF LEARNERS:** _____ | **SUBJECT:** Social Studies | **TIME:** 60 Minutes

TOPIC: THE PEOPLE OF PRE-COLONIAL UGANDA

SUB TOPIC: MIDDLE STONE AGE (pp. 7–8)

CONTENT:

• MIDDLE STONE AGE (Mesolithic) – began with the discovery of fire.
• HOW EARLY MAN DISCOVERED FIRE: rubbing a dry stick into a hole in dry wood; friction produced fire.
• CHARACTERISTICS OF MIDDLE STONE AGE MAN: started living in caves, ate roasted meat, hunted using traps, used animal skins as blankets, first tamed animal – dog, body less hairy.
• IMPORTANCE OF FIRE TO EARLY MAN: roasting meat, boiling poison, hardening tools (pots), providing light in caves, warmth, protection (scaring away wild animals).
• IMPORTANCE OF THE DOG: helped in hunting, protected man from wild animals.

COMPETENCES (The learner;):

• Explains how fire was discovered by early man.
• Describes at least four characteristics of man in the Middle Stone Age.
• States four uses of fire to early man.
• Explains how fire enabled man to live in caves.
• Gives two reasons why the dog was important to early man.
• Marks the end of the Old Stone Age and the beginning of the Middle Stone Age.

METHODS:

• Direct instruction
• Demonstration (optional rubbing sticks)
• Question and answer
• Note-taking

LIFE SKILLS / VALUES:

• Appreciation of discoveries
• Safety with fire

TEACHING/LEARNING MATERIALS:

• Pictures of cave life, fire-making sticks
• Chalkboard
• Pupils' exercise books
• Reference: pp. 7–8

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	ENGAGE	• Reviews Old Stone Age: "Name one tool and its use." • Asks: "How do you cook your food? What would you do if there was no fire? Today we learn how early man discovered fire."	Review Question and answer	• Answer review questions.
15 mins	EXPLORE	• Shows the picture of a cave and early man with fire (page 8). • Asks: "Why do you think the man is rubbing sticks? What changed when man got fire?" • Discusses how a dog could have helped man.	Picture study Question and answer	• Observe the picture. • Suggest answers.
20 mins	EXPLAIN	• Explains the discovery of fire by friction. • Writes the characteristics of Middle Stone Age man on the board.	Direct instruction Note-taking	• Copy notes. • Ask questions.

		• Lists the importance of fire (6 points) and the importance of a dog (2 points). • Instructs learners to copy all notes.		
10 mins	ELABORATE	• Re-explains: "Fire provided light and warmth in caves, which made caves safe to live in. The dog helped in hunting and guarded against wild animals." Emphasises these key points. • Writes an activity on the board: "Write three sentences about how fire changed the life of early man." • Instructs learners to do the activity.	Direct elaboration Board activity	• Write the three sentences.
5 mins	EVALUATE	• Calls learners to read their sentences. • Quick quiz: "How did early man discover fire? Name two uses of fire."	Oral questioning	• Read sentences. • Answer quiz.
5 mins	EXTEND	• Home assignment: "At home, draw a picture of early man sitting around a fire. Label two things that fire was used for. Bring it tomorrow." • Next lesson: **NEW STONE AGE AND IRON AGE – FARMING AND IRON TOOLS.**	Home assignment Topic preview	• Note assignment. • Listen for next lesson title.

ACTIVITY

Write three sentences explaining how the discovery of fire changed the life of early man. Use the points you have learned today.

LESSON PLAN 3: WEEK 1 PERIOD 3

DATE: _____ | **CLASS:** Primary Five | **NO. OF LEARNERS:** _____ | **SUBJECT:** Social Studies | **TIME:** 60 Minutes

TOPIC: THE PEOPLE OF PRE-COLONIAL UGANDA

SUB TOPIC: NEW STONE AGE AND IRON AGE (pp. 8–9)

CONTENT:

• NEW STONE AGE (Neolithic) – began with the discovery of farming.

• CHARACTERISTICS: man lived in small organised communities, started growing crops (led to settled life), tamed many domestic animals, lived in simple huts.

• HOW FARMING HELPED EARLY MAN SETTLE: enough food, needed to care for crops and animals.

• IRON AGE – began with the discovery of iron smelting. Blacksmithing; blacksmith – a person who shapes/repairs iron tools.

• ORIGIN OF IRON SMELTING: started by Cushites/Hamites at Meroe in Ethiopia, introduced in Uganda by the Bachwezi.

• EXAMPLES OF IRON TOOLS: panga, hoe, saucepan, spear, arrow, knife, sickle, gun.

• HOW IRON IMPROVED EARLY MAN'S LIFE: better farming tools, better hunting tools, strong weapons for protection, better means of transport, better fishing tools.

COMPETENCES (The learner;):

• Describes the key characteristics of New Stone Age man.

• Explains how farming led early man to live a settled life.

• States who started iron smelting and who introduced it in Uganda.

• Names at least five iron tools made by early man.

• Explains four ways iron smelting improved early man's life.
• Marks the transition from Stone Age to Iron Age.

METHODS:
• Direct instruction
• Picture study (iron tools)
• Question and answer
• Note-taking

LIFE SKILLS / VALUES:
• Appreciation of technological progress
• Innovation

TEACHING/LEARNING MATERIALS:
• Pictures/drawings of iron tools (panga, hoe, spear, etc.)
• Chalkboard
• Pupils' exercise books
• Reference: pp. 8–9

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	ENGAGE	• Reviews Middle Stone Age: "What important discovery changed man's life? How?" • Asks: "Where does your food come from? What do farmers use to dig? Today we learn how farming and iron tools changed early man."	Review Question and answer	• Answer review. • Respond to farming questions.
15 mins	EXPLORE	• Displays pictures of iron tools (panga, hoe, spear, arrow, knife). • Asks: "What are these made of? Why is iron better than stone?" • Discusses how farming makes people stay in one place.	Picture study Question and answer	• Observe tools. • Compare stone and iron.
20 mins	EXPLAIN	• Explains the characteristics of New Stone Age man. • Tells how farming ended the Middle Stone Age and began the New Stone Age. • Describes the Iron Age – meaning of blacksmithing, origin of iron smelting (Cushites at Meroe, Bachwezi in Uganda). • Lists iron tools and ways iron improved life. • Instructs learners to copy all notes.	Direct instruction Note-taking	• Copy notes. • Ask questions.
10 mins	ELABORATE	• Re-explains: "Farming made man settle because he had to look after his crops and animals. Iron tools were stronger than stone, so man could clear land faster and hunt better." • Writes an activity on the board: "Draw any four iron tools and write their names. Next to each, write one use." • Instructs learners to do the activity.	Direct elaboration Board activity	• Draw and label the tools with uses.
5 mins	EVALUATE	• Calls learners to show their drawings and explain uses. • Quick quiz: "Who started iron smelting? Who brought it to Uganda? Name three iron tools."	Oral questioning	• Display work. • Answer quiz.

5 mins	EXTEND	• Home assignment: "At home, list any three metal objects in your house. Find out from your parents what each is used for. Write your findings in sentences." • Next lesson: **ETHNIC GROUPS IN UGANDA – DEFINITION, CHARACTERISTICS, ORIGINS.**	Home assignment Topic preview	• Note assignment. • Listen for next lesson title.

ACTIVITY

Draw any four iron tools used by early man. Write the name of each tool. Next to each, write one sentence explaining what it was used for.

LESSON EVALUATION

Teacher's signature: _____ Date: _____

LESSON PLAN 4: WEEK 1 PERIOD 4

DATE: _____ | **CLASS:** Primary Five | **NO. OF LEARNERS:** _____ | **SUBJECT:** Social Studies | **TIME:** 60 Minutes

TOPIC: THE PEOPLE OF PRE-COLONIAL UGANDA

SUB TOPIC: ETHNIC GROUPS IN UGANDA – DEFINITION, CHARACTERISTICS, ORIGINS (pp. 9–10)

CONTENT:

• ETHNIC GROUP – a large group of people with the same origin, same major occupation, and almost the same language.

• CHARACTERISTICS OF ETHNIC GROUPS: same origin, same traditional occupation, almost the same language, may have similar social and political organisation.

• EXAMPLES OF ETHNIC GROUPS AND THEIR ORIGINS/OCCUPATIONS: Bantu (Cameroon highlands, crop growing), River-Lake Nilotes/Nilotics (Bahr-el-Ghazal, pastoralism), Hamites/Cushites (Ethiopia, pastoralism), Plain Nilotes/Nilo-Hamites (Ethiopian Highlands, pastoralism), Highland Nilotes (Ethiopian Highlands, pastoralism), Sudanic (Juba in South Sudan, mixed farming).

• SKETCH MAP SHOWING MIGRATION ROUTES OF ETHNIC GROUPS INTO UGANDA (page 10).

COMPETENCES (The learner;):

• Defines the term "ethnic group".
• Lists the characteristics of ethnic groups.
• Names the six major ethnic groups in Uganda.
• Matches each ethnic group to its place of origin and traditional occupation.
• Locates on a sketch the migration routes of the ethnic groups.
• Explains why different ethnic groups settled in different parts of Uganda.

METHODS:

• Direct instruction
• Map study
• Question and answer
• Note-taking

LIFE SKILLS / VALUES:

• Appreciation of diversity
• Respect for people of different origins

TEACHING/LEARNING MATERIALS:

- Sketch map showing migration routes (page 10)
- Chalkboard
- Pupils' exercise books
- Reference: pp. 9–10

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	ENGAGE	• Reviews Iron Age: "What metal did early man start using?" • Asks: "What tribe do you belong to? Do you know where your ancestors came from? Today we learn about the different groups of people in Uganda."	Review Question and answer	• Answer review. • Share tribe names.
15 mins	EXPLORE	• Displays the map of migration routes on page 10. • Asks: "From which direction did the Bantu enter Uganda? What about the Nilotes?" • Discusses the meaning of "ethnic group" and lists examples on the board.	Map study Question and answer	• Study the map. • Answer direction questions.
20 mins	EXPLAIN	• Defines "ethnic group" and lists the four characteristics. • Draws a table on the board: Ethnic group, Origin, Traditional Occupation (using the six groups). • Explains the sketch map showing migration routes. • Instructs learners to copy the definition, characteristics, table, and a simple map sketch.	Direct instruction Note-taking	• Copy notes and table. • Sketch the migration routes.
10 mins	ELABORATE	• Re-explains: "The Bantu came from Cameroon and are mainly farmers. The Nilotes came from Bahr-el-Ghazal and are herders." Emphasises origin-occupation link. • Writes an activity on the board: "Copy and complete the table: (i) Bantu – Origin? Occupation? (ii) Nilotics – Origin? Occupation? (iii) Hamites – Origin? Occupation?" • Instructs learners to complete the table.	Direct elaboration Board activity	• Complete the table.
5 mins	EVALUATE	• Calls learners to read their completed tables. • Quick quiz: "Name the ethnic group from Cameroon. Which group came from Ethiopia?"	Oral questioning	• Read answers. • Answer quiz.
5 mins	EXTEND	• Home assignment: "At home, ask your parents/grandparents about your own ethnic group. Write down its name, original homeland, and traditional occupation. Bring your findings tomorrow." • Next lesson: **THE BANTU – THE FIRST AND LARGEST ETHNIC GROUP IN UGANDA.**	Home assignment Topic preview	• Note assignment. • Listen for next lesson title.

ACTIVITY

Copy and complete the table below using the information from today's lesson:

ETHNIC GROUP	PLACE OF ORIGIN	TRADITIONAL OCCUPATION
Bantu		
Nilotics		
Hamites		

LESSON EVALUATION

Way forward / Remedial action:

Teacher's signature: _____ Date: _____

LESSON PLAN 5: WEEK 1 PERIOD 5

DATE: _____ | **CLASS:** Primary Five | **NO. OF LEARNERS:** _____ | **SUBJECT:** Social Studies | **TIME:** 60 Minutes

TOPIC: THE PEOPLE OF PRE-COLONIAL UGANDA

SUB TOPIC: THE BANTU (pp. 10–11)

CONTENT:

• THE BANTU – first ethnic group to come to Uganda, largest ethnic group. Cradle land: Cameroon highlands. Meaning of "ntu": suffix meaning person, something, or thing (Bantu = people). Major occupation: cultivation/crop growing.

• SETTLEMENT: interlacustrine region (land between great lakes – Victoria, Albert, Kivu, Tanganyika, Edward). Reasons for settling: fertile soils, reliable rainfall.

• ORIGINAL INHABITANTS: Bushmen, who were displaced southwards to Kalahari Desert.

• BANTU TRIBES IN UGANDA: Banyoro, Bagisu, Basoga, Bakonzo, Baganda, Bagwere, Bakiga, Bafumbira, Banyankole, Batooro.

• BANTU TRIBES ON MOUNTAIN SLOPES: Bakonzo (Rwenzori), Bafumbira/Bakiga (Mufumbiro), Bagisu (Elgon).

COMPETENCES (The learner;):

• States the cradle land of the Bantu.

• Explains why the Bantu are called so.

• Names the interclaustrine region and lists the great lakes.

• Gives two reasons why the Bantu settled in the interclaustrine region.

• Lists at least five Bantu tribes in Uganda.

• Identifies the Bantu tribes found on mountain slopes.

METHODS:

• Direct instruction

• Map study

• Question and answer

• Note-taking

LIFE SKILLS / VALUES:

• Appreciation of one's heritage

• Understanding land and environment

TEACHING/LEARNING MATERIALS:

• Map of Uganda showing interclaustrine region and great lakes

• Chalkboard

• Pupils' exercise books

• Reference: pp. 10–11

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	ENGAGE	• Reviews: "Name the six ethnic groups in Uganda." • Asks: "Which is the largest ethnic group? What language do you speak? Today we learn about the Bantu – the largest group."	Review Question and answer	• Answer review. • Share languages spoken.
15 mins	EXPLORE	• Shows a map of Uganda with great lakes. • Asks: "Where do you think the Bantu settled? Why?" • Discusses the meaning of "interlacustrine" and lists the lakes.	Map study Question and answer	• Observe map. • Suggest and discuss settlement area.
20 mins	EXPLAIN	• Explains the Bantu cradle land, meaning of "ntu", and major occupation. • Describes the interclaustrine region and reasons for settlement. • Names the Bantu tribes in Uganda and those on mountain slopes. • Instructs learners to copy the notes.	Direct instruction Note-taking	• Copy notes. • Ask questions.
