LESSON PLANS BOOKLET

TERM II — 2026

Healthy Living: Posture • Senses • Immunisation
Accidents and First Aid • Food and Nutrition

Name: _____

School: _____

Year: _____

Based on the P.1 Literacy 1A (Science) Lesson Notes, Term II

12-WEEK TOPICAL BREAKDOWN — P.1 SCIENCE TERM II

WEEK	PERIOD	THEME	SUB THEME	LESSON TOPIC	REFERENCE
1	1	**HEALTHY LIVING**	POSTURE	Posture - Meaning and Good Sitting Posture	T.II
	2		POSTURE	Posture - Poor Sitting Posture Practice	T.II
	3		POSTURE	Posture - Good and Bad Standing Posture	T.II
2	1	**HEALTHY LIVING**	POSTURE	Dangers of Bad Posture	T.II
	2		SENSE ORGANS	Body Parts and the Five Senses	T.II
	3		IMMUNISATION	Immunisation - Meaning and Immunisable Diseases	T.II
3	1	**HEALTHY LIVING**	IMMUNISATION	Importance of Immunisation	T.II
	2		IMMUNISATION	Immunisation - Consolidation and Practice	T.II
	3	**ACCIDENTS AND FIRST AID**	ACCIDENTS	Accidents - Meaning and Common Accidents at Home	T.II
4	1	**ACCIDENTS AND FIRST AID**	ACCIDENTS	Common Accidents at Home - Drawing and Naming Practice	T.II
	2		ACCIDENTS	Causes of Accidents at Home	T.II
	3		ACCIDENTS	Accidents at School - Meaning and Examples	T.II
5	1	**ACCIDENTS AND FIRST AID**	ACCIDENTS	Accidents at School - Drawing and Naming Practice	T.II
	2		ACCIDENTS	Causes of Accidents at School; Things Which Cause Accidents	T.II
	3		ACCIDENTS	Accidents on the Way and Their Causes	T.II
6	1	**ACCIDENTS AND FIRST AID**	ACCIDENTS	How to Prevent Accidents	T.II
	2		ACCIDENTS	Things Which Cause Poisoning	T.II
	3		FIRST AID	First Aid - Meaning and Reasons	T.II
7	1	**ACCIDENTS AND FIRST AID**	FIRST AID	The First Aid Box	T.II
	2		FIRST AID	Things Found in a First Aid Box	T.II
	3		FIRST AID	Things Found in a First Aid Box - Drawing and Naming Practice	T.II
8	1	**FOOD AND NUTRITION**	EXAMPLES OF FOOD	Food and Nutrition - Meaning of Food and Why We Eat Food	T.II
	2		EXAMPLES OF FOOD	Examples of Food (Food Crops)	T.II
	3		EXAMPLES OF FOOD	Examples of Food - Consolidation Practice	T.II
9	1	**FOOD AND NUTRITION**	SOURCES OF FOOD	Sources of Food	T.II
	2		FOOD TABOOS	Food Taboos	T.II
	3		USES OF FOOD	Uses of Food	T.II
10	1	**FOOD AND NUTRITION**	CLASSES OF FOOD	Classes of Food - The Three Groups	T.II
	2		CLASSES OF FOOD	Examples of Carbohydrates	T.II
	3		CLASSES OF FOOD	Examples of Proteins	T.II
11	1	**FOOD AND NUTRITION**	CLASSES OF FOOD	Examples of Vitamins	T.II
	2		FOOD SAFETY	Ways of Keeping Food Safe	T.II
	3		NON-EDIBLE FOODS	Non-Edible Foods	T.II
12	1	**REVIEW**	HEALTHY LIVING	Integrated Review - Posture, Senses and Immunisation	T.II
	2		ACCIDENTS AND FIRST AID	Integrated Review - Accidents and First Aid	T.II
	3	**REVISION**	ALL TERM II TOPICS	End of Term II Comprehensive Revision - Food and Nutrition and All Topics	T.II

LESSON PLAN 1: WEEK 1 PERIOD 1

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: HEALTHY LIVING

SUB TOPIC: POSTURE -- Posture - Meaning and Good Sitting Posture

CONTENT

POSTURE -- the way of positioning our body.

Good sitting posture

- Sit upright
- Do not fold your hands
- Place both feet on the floor
- Do not raise the chest
- Do not bend the neck

Poor sitting posture

- Raising the chest
- Bending the neck
- Sitting while bending

COMPETENCES (The learner;)

- Defines posture
- Identifies good sitting posture
- Identifies poor sitting posture

METHODS

- Demonstration
- Question and answer
- Observation

LIFE SKILLS / VALUES

- Self-care
- Body awareness
- Discipline

TEACHING/LEARNING MATERIALS

- Diagram/chart showing good sitting posture
- Diagram/chart showing poor sitting posture
- Real chairs for demonstration

Reference: Understanding Integrated Science bk 2 pg 28-31; Fountain Primary Science bk 2 pg 71

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Asks: "How are you sitting on your chair right now?" • Asks a few learners to show how they are sitting, then introduces the meaning of posture.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Demonstrates sitting upright correctly and sitting poorly (bending, raising the chest) for learners to observe and compare. • Asks: "Which way of sitting looks correct?" • Asks: "What is wrong with this	• Demonstration • Question and answer • Observation	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
		sitting position?"		questions • Relate the topic to their own experience
10 mins	**EXPLAIN**	• Defines posture: "the way of positioning our body." • Good sitting posture: Sit upright, Do not fold your hands, Place both feet on the floor, Do not raise the chest, Do not bend the neck. • Poor sitting posture: Raising the chest, Bending the neck, Sitting while bending. • Defines posture and explains the features of good and poor sitting posture using the demonstration and diagrams; learners copy notes and practise sitting correctly.	• Direct instruction • Explanation • Note-taking	• Listen attentively • Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "___ is the way of positioning our body."	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Posture - Poor Sitting Posture Practice."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. ___ is the way of positioning our body.
2. Tick the good sitting posture: sit upright / bending the neck.
3. Name one poor sitting posture.
4. Why should we sit upright in class?

LESSON EVALUATION

Strengths observed: _____

Areas needing improvement: _____

Way forward / Remedial action: _____

Teacher's signature: _____ **Date:** _____

LESSON PLAN 2: WEEK 1 PERIOD 2

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: HEALTHY LIVING

SUB TOPIC: POSTURE -- Posture - Poor Sitting Posture Practice

CONTENT

Poor sitting posture (practice)

- Raising the chest
- Bending the neck
- Sitting while bending

Why good posture matters

- Keeps our back healthy
- Helps us write neatly
- Helps us breathe well
- Makes us look smart

COMPETENCES (The learner;)

- Distinguishes between good and poor sitting posture
- Corrects poor sitting posture when shown a picture

METHODS

- Question and answer
- Observation
- Role play

LIFE SKILLS / VALUES

- Self-care
- Body awareness

TEACHING/LEARNING MATERIALS

- Picture cards showing different sitting postures
- Chalkboard

Reference: Understanding Integrated Science bk 2 pg 28-31

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 1 Period 1) by asking: What is posture? • Shows two picture cards - one good sitting, one poor sitting - and asks learners to spot the difference, then introduces today's practice.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Displays a set of mixed picture cards of learners sitting and asks the class to sort them into 'good' and 'poor' posture. • Asks: "Is this good or poor sitting posture?" • Asks: "How would you correct this sitting position?"	• Question and answer • Observation • Role play	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic to their own experience
10 mins	**EXPLAIN**	• Poor sitting posture (practice):	• Direct instruction	• Listen

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
		Raising the chest, Bending the neck, Sitting while bending. • Why good posture matters: Keeps our back healthy, Helps us write neatly, Helps us breathe well, Makes us look smart. • Reinforces the features of poor sitting posture and practises correcting them through role play; learners tick the good sitting posture in a picture exercise.	• Explanation • Note-taking	attentively • Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "Tick the good sitting posture from the pictures shown."	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Posture - Good and Bad Standing Posture."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. Tick the good sitting posture from the pictures shown.
2. Name two poor sitting postures.
3. Show your friend how to sit correctly.

LESSON EVALUATION

Strengths observed: _____

Areas needing improvement: _____

Way forward / Remedial action: _____

Teacher's signature: _____ **Date:** _____

LESSON PLAN 3: WEEK 1 PERIOD 3

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: HEALTHY LIVING

SUB TOPIC: POSTURE -- Posture - Good and Bad Standing Posture

CONTENT

Good standing posture

- Do not raise the chest
- Stand upright
- Do not bend the legs
- Do not bend the chest
- Do not bend the neck

Bad standing posture

- Bending the chest
- Bending the legs
- Bending the back
- Bending the neck

COMPETENCES (The learner;)

- Identifies good standing posture
- Identifies bad standing posture

METHODS

- Demonstration
- Question and answer
- Observation

LIFE SKILLS / VALUES

- Self-care
- Body awareness

TEACHING/LEARNING MATERIALS

- Diagram/chart showing good standing posture
- Diagram/chart showing bad standing posture

Reference: Understanding Integrated Science bk 2 pg 28-31

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 1 Period 2) by asking: Name one poor sitting posture. • Asks all learners to stand up and shows them how to stand upright, then introduces standing posture.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Demonstrates standing correctly and standing poorly (bent back, bent legs) for learners to observe and compare. • Asks: "Which way of standing looks correct?" • Asks: "What is wrong with this standing position?"	• Demonstration • Question and answer • Observation	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic to their own

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
				experience
10 mins	**EXPLAIN**	• Good standing posture: Do not raise the chest, Stand upright, Do not bend the legs, Do not bend the chest, Do not bend the neck. • Bad standing posture: Bending the chest, Bending the legs, Bending the back, Bending the neck. • Explains the features of good and bad standing posture using the demonstration and diagrams; learners copy notes and practise standing correctly.	• Direct instruction • Explanation • Note-taking	• Listen attentively • Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "Circle the good standing posture."	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Dangers of Bad Posture; Body Parts and the Five Senses."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. Circle the good standing posture.
2. Name two features of good standing posture.
3. Name two features of bad standing posture.

LESSON EVALUATION

Strengths observed: _____

Areas needing improvement: _____

Way forward / Remedial action: _____

Teacher's signature: _____ **Date:** _____

LESSON PLAN 4: WEEK 2 PERIOD 1

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: HEALTHY LIVING

SUB TOPIC: POSTURE -- Dangers of Bad Posture

CONTENT

Dangers of bad posture

- Back pain
- Bent back
- Neck pain
- Dozing
- Chest pain
- Bad hand writing
- Bent bones

COMPETENCES (The learner;)

- States the dangers of bad posture
- Explains why we should keep good posture

METHODS

- Discussion
- Question and answer
- Explanation

LIFE SKILLS / VALUES

- Self-care
- Body awareness
- Health consciousness

TEACHING/LEARNING MATERIALS

- Picture of a person with a bent back
- Chart on dangers of bad posture

Reference: Understanding Integrated Science bk 2 pg 28-31

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 1 Period 3) by asking: Name one feature of good standing posture. • Asks learners if they have ever felt back pain from sitting badly, then introduces the dangers of bad posture.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Displays a picture of a person with a bent back and discusses what could have caused it. • Asks: "What do you think caused this person's back to bend?" • Asks: "How can we avoid this happening to us?"	• Discussion • Question and answer • Explanation	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic to their own experience
10 mins	**EXPLAIN**	• Dangers of bad posture: Back pain,	• Direct instruction	• Listen

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
		Bent back, Neck pain, Dozing, Chest pain, Bad hand writing, Bent bones. • Explains the dangers of bad posture using the picture and list of examples; learners copy notes into their books.	• Explanation • Note-taking	attentively • Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "Name three dangers of bad posture."	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Body Parts and the Five Senses."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. Name three dangers of bad posture.
2. Bad posture can cause ___ pain. (back)
3. Why should we sit and stand correctly?

LESSON EVALUATION

Strengths observed: _____

Areas needing improvement: _____

Way forward / Remedial action: _____

Teacher's signature: _____ **Date:** _____

LESSON PLAN 5: WEEK 2 PERIOD 2

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: HEALTHY LIVING

SUB TOPIC: SENSE ORGANS -- Body Parts and the Five Senses

CONTENT

SENSES -- the abilities our bodies use to know what is happening around us.

The five senses and their sense organs

- Seeing - eyes
- Hearing - ears
- Smelling - nose
- Tasting - tongue
- Feeling (touch) - skin

COMPETENCES (The learner;)

- Names the main body parts
- States how many senses we have
- Matches each sense to its sense organ

METHODS

- Question and answer
- Matching activity
- Observation

LIFE SKILLS / VALUES

- Body awareness
- Self-care

TEACHING/LEARNING MATERIALS

- Chart/diagram of the human body
- Pictures of eyes, ears, nose, tongue and skin

Reference: Understanding Integrated Science bk 2 pg 28-31

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 2 Period 1) by asking: Name one danger of bad posture. • Asks learners to close their eyes and say what they can hear, then introduces the five senses.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Displays pictures of the eyes, ears, nose, tongue and skin and asks learners what each is used for. • Asks: "What do we use our eyes for?" • Asks: "What do we use our skin for?"	• Question and answer • Matching activity • Observation	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic to their own experience
10 mins	**EXPLAIN**	• Defines senses: "the abilities our bodies use to know what is happening	• Direct instruction • Explanation	• Listen attentively

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
		around us." • The five senses and their sense organs: Seeing - eyes, Hearing - ears, Smelling - nose, Tasting - tongue, Feeling (touch) - skin. • Explains the five senses and matches each one to its correct sense organ; learners copy the matching list into their books.	• Note-taking	• Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "How many senses do we have?"	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Immunisation - Meaning and Immunisable Diseases."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. How many senses do we have?
2. Match: Eyes - seeing, Ears - hearing, Nose - smelling, Tongue - tasting, Skin - feeling.
3. Name the body parts on the diagram.

LESSON EVALUATION

Strengths observed: _____

Areas needing improvement: _____

Way forward / Remedial action: _____

Teacher's signature: _____ **Date:** _____

LESSON PLAN 6: WEEK 2 PERIOD 3

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: HEALTHY LIVING

SUB TOPIC: IMMUNISATION -- Immunisation - Meaning and Immunisable Diseases

CONTENT

IMMUNISATION -- the giving of vaccine to a person to protect or prevent certain diseases.

Immunisable diseases

- Measles
- Polio
- Tuberculosis
- Whooping cough
- Diphtheria
- Tetanus

Other immunisable diseases

- Hepatitis B

COMPETENCES (The learner;)

- Defines immunisation
- Names examples of immunisable diseases

METHODS

- Question and answer
- Discussion
- Picture study

LIFE SKILLS / VALUES

- Health consciousness
- Self-care

TEACHING/LEARNING MATERIALS

- Pictures of children showing signs of measles, polio
- Chart of immunisable diseases

Reference: Understanding Integrated Science bk 2 pg 28-31; Fountain Primary Science bk 2 pg 71

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 2 Period 2) by asking: How many senses do we have? • Asks learners if they have ever received an injection at a clinic, then introduces immunisation.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Displays pictures of children affected by measles and polio and discusses what these diseases are. • Asks: "Have you heard of this disease before?" • Asks: "Why do you think children are given injections at the clinic?"	• Question and answer • Discussion • Picture study	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic to their own experience

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
10 mins	**EXPLAIN**	• Defines immunisation: "the giving of vaccine to a person to protect or prevent certain diseases." • Immunisable diseases: Measles, Polio, Tuberculosis, Whooping cough, Diphtheria, Tetanus. • Other immunisable diseases: Hepatitis B. • Defines immunisation and lists examples of immunisable diseases; learners copy notes into their books.	• Direct instruction • Explanation • Note-taking	• Listen attentively • Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "___ is the giving of vaccine to a person to protect or prevent certain diseases."	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Immunisation - Importance and Consolidation."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. ___ is the giving of vaccine to a person to protect or prevent certain diseases.
2. Tick the immunisable diseases: polio, measles, cough, tetanus.
3. What immunisable disease makes children lame?

LESSON EVALUATION

Strengths observed: _____

Areas needing improvement: _____

Teacher's signature: _____ **Date:** _____

LESSON PLAN 7: WEEK 3 PERIOD 1

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: HEALTHY LIVING

SUB TOPIC: IMMUNISATION -- Importance of Immunisation

CONTENT

Importance of immunisation

- It reduces infant mortality rate
- It promotes good health
- It controls childhood diseases

COMPETENCES (The learner;)

- States the importance of immunisation
- Explains why children should be immunised

METHODS

- Discussion
- Question and answer
- Explanation

LIFE SKILLS / VALUES

- Health consciousness
- Responsibility

TEACHING/LEARNING MATERIALS

- Chart on the importance of immunisation
- Pictures of a child health card

Reference: Understanding Integrated Science bk 2 pg 28-31

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 2 Period 3) by asking: What is immunisation? • Asks learners why they think babies are taken to the clinic for injections, then introduces the importance of immunisation.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Displays the chart on the importance of immunisation and discusses each point with learners. • Asks: "How does immunisation help keep children healthy?" • Asks: "Why is it important to control childhood diseases?"	• Discussion • Question and answer • Explanation	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic to their own experience
10 mins	**EXPLAIN**	• Importance of immunisation: It reduces infant mortality rate, It promotes good health, It controls childhood diseases. • Explains the importance of immunisation using the chart; learners copy notes into their books.	• Direct instruction • Explanation • Note-taking	• Listen attentively • Repeat definitions after the teacher • Copy definitions,

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
				examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "Give two importance of immunisation."	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Immunisation - Consolidation and Practice."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. Give two importance of immunisation.
2. Mention two common diseases you know.
3. What common disease is spread by mosquitoes?

LESSON EVALUATION

Strengths observed: _____

Areas needing improvement: _____

Way forward / Remedial action: _____

Teacher's signature: _____ **Date:** _____

LESSON PLAN 8: WEEK 3 PERIOD 2

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: HEALTHY LIVING

SUB TOPIC: IMMUNISATION -- Immunisation - Consolidation and Practice

CONTENT

Recap: immunisable diseases

- Measles
- Polio
- Tuberculosis
- Whooping cough
- Diphtheria
- Tetanus
- Hepatitis B

Recap: importance of immunisation

- Reduces infant mortality rate
- Promotes good health
- Controls childhood diseases

COMPETENCES (The learner;)

- Recalls immunisable diseases and their importance confidently
- Identifies pictures showing signs of immunisable diseases

METHODS

- Question and answer
- Games/quiz
- Picture identification

LIFE SKILLS / VALUES

- Health consciousness
- Self-confidence

TEACHING/LEARNING MATERIALS

- Mixed picture cards of immunisable diseases
- Chalkboard

Reference: Understanding Integrated Science bk 2 pg 28-31

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 3 Period 1) by asking: Give one importance of immunisation. • Plays a quick naming game with picture cards of immunisable diseases, then introduces today's consolidation.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Displays mixed picture cards and asks learners to identify which disease each picture shows. • Asks: "What is the child in this picture suffering from?" • Asks: "How can this disease be prevented?"	• Question and answer • Games/quiz • Picture identification	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
				to their own experience
10 mins	**EXPLAIN**	• Recap: immunisable diseases: Measles, Polio, Tuberculosis, Whooping cough, Diphtheria, Tetanus, Hepatitis B. • Recap: importance of immunisation: Reduces infant mortality rate, Promotes good health, Controls childhood diseases. • Consolidates all the facts learnt about immunisation this week through oral and picture-based questioning; learners complete a written exercise.	• Direct instruction • Explanation • Note-taking	• Listen attentively • Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "What is the child suffering from? (picture-based)"	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Accidents - Meaning and Common Accidents at Home."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. What is the child suffering from? (picture-based)
2. Tick (√) the immunisable diseases: flu, polio, measles, cough, tetanus.
3. Mention two common diseases you know.

LESSON EVALUATION

Teacher's signature: _____ **Date:** _____

LESSON PLAN 9: WEEK 3 PERIOD 3

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: ACCIDENTS AND FIRST AID

SUB TOPIC: ACCIDENTS -- Accidents - Meaning and Common Accidents at Home

CONTENT

ACCIDENT -- a sudden happening which causes harm or injury to the body.

Common accidents at home

- Cuts
- Fainting
- Burns
- Drowning
- Scalds
- Falls
- Electric shock
- Knocks
- Poisoning
- Snake bites

COMPETENCES (The learner;)

- Defines an accident
- Names common accidents that happen at home

METHODS

- Question and answer
- Discussion
- Picture study

LIFE SKILLS / VALUES

- Safety awareness
- Self-care

TEACHING/LEARNING MATERIALS

- Pictures of cuts, burns, falls and drowning
- Chart on common accidents at home

Reference: P.1 Literacy 1A (Science) Lesson Notes

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 3 Period 2) by asking: Name one immunisable disease. • Asks learners if they have ever been cut or fallen down at home, then introduces the meaning of an accident.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Displays pictures showing common accidents at home (cuts, burns, falls) for learners to observe. • Asks: "What accident do you see in this picture?" • Asks: "Has anything like this ever happened to you?"	• Question and answer • Discussion • Picture study	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
				to their own experience
10 mins	**EXPLAIN**	• Defines accident: "a sudden happening which causes harm or injury to the body." • Common accidents at home: Cuts, Fainting, Burns, Drowning, Scalds, Falls, Electric shock, Knocks, Poisoning, Snake bites. • Defines an accident and lists examples of common accidents at home; learners copy notes and name the accidents shown in pictures.	• Direct instruction • Explanation • Note-taking	• Listen attentively • Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "An ___ is a sudden happening which causes harm to our bodies."	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Common Accidents at Home - Drawing and Naming Practice."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. An ___ is a sudden happening which causes harm to our bodies.
2. Name these accidents (from pictures): drowning, cuts, burns, falls.
3. Tick common accidents: drowning, burns, cuts.

LESSON EVALUATION

Strengths observed: _____

Areas needing improvement: _____

Way forward / Remedial action: _____

Teacher's signature: _____ **Date:** _____

LESSON PLAN 10: WEEK 4 PERIOD 1

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: ACCIDENTS AND FIRST AID

SUB TOPIC: ACCIDENTS -- Common Accidents at Home - Drawing and Naming Practice

CONTENT

Recap: common accidents at home

- Cuts
- Fainting
- Burns
- Drowning
- Scalds
- Falls
- Electric shock
- Knocks
- Poisoning
- Snake bites

Dangerous objects at home

- Razorblades
- Broken bottles
- Hot charcoal
- Sharp knives
- Electric wires

COMPETENCES (The learner;)

- Draws and names common accidents
- Identifies dangerous objects found at home

METHODS

- Practical/drawing activity
- Question and answer
- Observation

LIFE SKILLS / VALUES

- Safety awareness
- Creativity

TEACHING/LEARNING MATERIALS

- Drawing paper/exercise books
- Picture cards of accidents
- Chalkboard

Reference: P.1 Literacy 1A (Science) Lesson Notes

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 3 Period 3) by asking: What is an accident? • Shows a picture of a broken bottle and asks why it is dangerous, then introduces dangerous objects at home.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
10 mins	**EXPLORE**	• Displays picture cards of accidents and guides learners to practise drawing one accident each. • Asks: "Can you draw this accident?" • Asks: "Which object caused this accident?"	• Practical/drawing activity • Question and answer • Observation	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic to their own experience
10 mins	**EXPLAIN**	• Recap: common accidents at home: Cuts, Fainting, Burns, Drowning, Scalds, Falls, Electric shock, Knocks, Poisoning, Snake bites. • Dangerous objects at home: Razorblades, Broken bottles, Hot charcoal, Sharp knives, Electric wires. • Guides learners to draw and name common accidents at home and lists dangerous objects found at home; learners complete their drawings.	• Direct instruction • Explanation • Note-taking	• Listen attentively • Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "Draw and name: drowning, burns."	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Causes of Accidents at Home."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. Draw and name: drowning, burns.
2. Name any two dangerous objects found at home.
3. Tick common accidents: drowning, stone, burns, cuts.

LESSON EVALUATION

Strengths observed: _____

Areas needing improvement: _____

Way forward / Remedial action: _____

Teacher's signature: _____ **Date:** _____

LESSON PLAN 11: WEEK 4 PERIOD 2

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: ACCIDENTS AND FIRST AID

SUB TOPIC: ACCIDENTS -- Causes of Accidents at Home

CONTENT

Causes of accidents at home

- Running on the compound
- Climbing trees
- Playing near fire
- Playing near swimming pools
- Playing with sharp objects e.g. razorblade
- Poor keeping of drugs
- Playing near fire places
- Playing with electricity

COMPETENCES (The learner;)

- States the causes of accidents at home
- Explains how each cause can lead to an accident

METHODS

- Discussion
- Question and answer
- Picture study

LIFE SKILLS / VALUES

- Safety awareness
- Responsibility

TEACHING/LEARNING MATERIALS

- Pictures showing children playing unsafely at home
- Chart on causes of accidents at home

Reference: P.1 Literacy 1A (Science) Lesson Notes

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 4 Period 1) by asking: Name one dangerous object found at home. • Asks learners what could happen if a child climbs a tree, then introduces the causes of accidents at home.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Displays pictures of children playing unsafely (near fire, with sharp objects) for learners to observe. • Asks: "What is this child doing that is unsafe?" • Asks: "What could happen because of this?"	• Discussion • Question and answer • Picture study	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic to their own experience
10 mins	**EXPLAIN**	• Causes of accidents at home:	• Direct instruction	• Listen

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
		Running on the compound, Climbing trees, Playing near fire, Playing near swimming pools, Playing with sharp objects e.g. razorblade, Poor keeping of drugs, Playing near fire places, Playing with electricity. • Explains the causes of accidents at home using the pictures and list; learners copy notes into their books.	• Explanation • Note-taking	attentively • Repeat definitions after the teacher • Copy definitions, examples and notes into notebooks
3 mins	**ELABORATE**	• Writes activity questions on the board (see ACTIVITY section below) • Moves around to guide and support learners as they answer	• Board activity • Guided practice	• Copy the activity from the board • Attempt the questions in their exercise books
1 min	**EVALUATE**	• Quick oral quiz: "Tick the causes of accidents at home: running on the compound, sitting upright, playing near fire."	• Oral questioning	• Answer the quiz questions orally
1 min	**EXTEND**	• Gives a home assignment related to today's content. • Announces the next lesson: "Accidents at School - Meaning and Examples."	• Home assignment • Topic preview	• Note down the home assignment • Listen to the next lesson topic

ACTIVITY

Answer the following questions:

1. Tick the causes of accidents at home: running on the compound, sitting upright, playing near fire.
2. Name three causes of accidents at home.
3. Why should we not play with electricity?

DATE: _____ | **CLASS:** Primary One | **NO. OF LEARNERS:** _____ | **SUBJECT:** SCIENCE (LITERACY 1A) | **TIME:** 30 Minutes

TOPIC: ACCIDENTS AND FIRST AID

SUB TOPIC: ACCIDENTS -- Accidents at School - Meaning and Examples

CONTENT

Examples of accidents at school

- Burns
- Fainting
- Scalds
- Cuts
- Falls
- Near drowning
- Snake bite
- Knocks
- Electric shock
- Dog bite

COMPETENCES (The learner;)

- Names examples of accidents that happen at school
- Identifies accidents from pictures

METHODS

- Question and answer
- Discussion
- Picture study

LIFE SKILLS / VALUES

- Safety awareness
- Self-care

TEACHING/LEARNING MATERIALS

- Pictures of accidents at school (falls, cuts, dog bite)
- Chart on accidents at school

Reference: P.1 Literacy 1A (Science) Lesson Notes

LESSON DEVELOPMENT (5Es MODEL)

TIME	STAGE	TEACHER'S ACTIVITY	METHODS/TECHNIQUES	LEARNERS' ACTIVITY
5 mins	**ENGAGE**	• Reviews the previous lesson (Week 4 Period 2) by asking: Name one cause of accidents at home. • Asks learners if they have ever seen a friend fall or get hurt at school, then introduces accidents at school.	• Question and answer (Review)	• Answer review questions • Share ideas / respond to the hook question
10 mins	**EXPLORE**	• Displays pictures of accidents that happen at school (falls, cuts, dog bites) for learners to observe. • Asks: "What accident do you see in this picture?" • Asks: "Has this ever happened at your school?"	• Question and answer • Discussion • Picture study	• Observe and discuss the materials/pictures displayed • Share ideas and answer the teacher's questions • Relate the topic to their own

CONTENT

Causes of accidents at school

- Running on the compound
- Climbing trees
- Playing bad games
- Playing with sharp objects
- Playing in swimming pools

Things which cause accidents

- Razorblades
- Hot water
- Broken bottles
- Hot charcoal
- Broken glasses
- Swimming pools
- Sharp knives
- Ponds
- Drugs
- Fire
- Electricity
- Hot porridge

COMPETENCES (The learner;)

- States the causes of accidents at school
- Names things which cause accidents

METHODS

- Discussion
- Question and answer
- Picture study

LIFE SKILLS / VALUES

- Safety awareness
- Responsibility
